USER FLOW

Joel buys some client trainers (retail €70). He's very happy (been saving for awhile). Once he gets home in the box he finds, a card.

We at client are committed to help you train better.  
The pre-season defines your season. With this purchase you can get program mobile to help you train.  
Better, Faster, Stronger!  
go to mobi.client to download the app for your phone

"I can always use something to train better. Football tryouts are soon." He downloads the app.  
<user will be downloading the app from their OS provider Apple, Palm, Ovi, Android or Blackberry>

After downloading the application he opens it on his phone & notices the Facebook call-out. Joel uses Facebook to keep in contact with all of his team-mates and thinks this would be a cool thing to share with them

On Facebook Joel looks for program2010, and is presented the official client page for the application. The page has a prominent display to install the app, the Wall displaying the most recent comments and the usual stats provided with the Facebook for applications.

Joel is a man, football is his sport and start of season is 27 June.

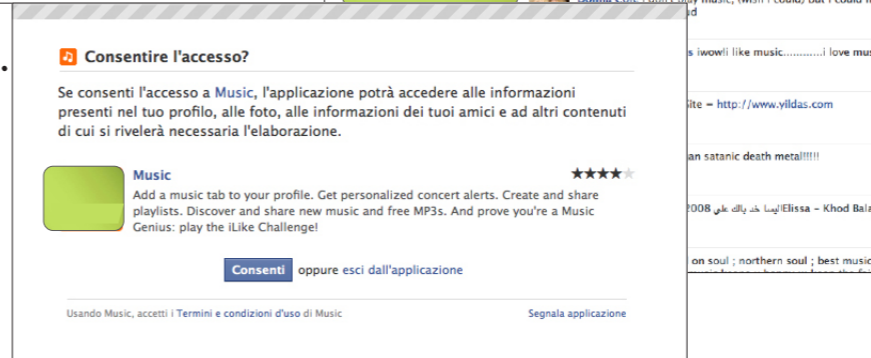

WHAT IS YOUR GENDER  
WHAT'S YOUR SPORT  
TELL US YOUR START OF SEASON DATE

After installation is done Joel is prompted to enter in the answer to the following questions.

Joel installs the application, and opts in to invite a couple of friends from the team. He thinks they might be interest, and he knows for sure that some of them are going to be buying the same

YOUR SIX WEEK TRAINING PLAN

	SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
1		●				●	
2			●			●	
3			●			●	
4		●			●	●	
5				●			●
6			●			●	

Joel now has a personalized six week training program.

The training program includes milestones that generate badges that will be displayed on his Facebook page, which in turn will be broadcast to all of his friends.

As motivators Joel is fed a steady stream of editorial and video content from the athlete that is associated with Football.

A clever function of the training plan is that if Joel is not sending regular input to the application, it will start to remind him that he is behind on his training

As Joel works his way through his training program, information from the program device automatically updates his training calendar, sharing his progress with his team-mates. He in turn can keep tabs on their progress.

He knows at this rate, he'll be in top form come start of season.

HERE THE FACEBOOK APPLICATION BECOMES ONE OF THE MAIN HUBS OF THE program MOBILE EXPERIENCE.

VIRAL INTERACTION WITHIN THE FACEBOOK SPACE SPREADS EXPONENTIONALLY EACH THE USER INTERACTS WITH THEIR program DEVICE & THE RESULTS ARE POSTED TO THE APPLICATION.

IN TURN THROUGH EARNED MEDIA USERS BECOME BRAND AMBASSADORS AND SPREAD THE WORD OF THE program BRAND.

**1 DRIVERS:** direct consumers instore to purchase a product or drive to the light version of the miCOACH TRACKER LIGHT app on facebook.com

**3 POINT OF PURCHASE:** Consumer buys eligible product

**TRACKER (LIGHT)**

**2 DRIVERS:** Consumers can install the TRACKER LIGHT version of the application to receive syndicated content / watch anthem film / countdown to their personal SOS
